Checks Hank O'Day's Band and Pitches Giants to Front Once More.

UNBEATEN IN EIGHT GAMES

New York Rallies to Support of Star Twirler and Scores Three Runs to None for the Cincinnati Team.

[By Telegraph to The Tribune.] Cincinnati, May 20.-The Giants regained the lead in the National League pennant race this afternoon when they easily outplayed and shut out the Cincinnati Reds and won by a score of 3 to 0, in the presence of some 15,000 loyal rooters. It remain for the mighty left arm and cunning brain of the angular "Rube" Marquard, the bright and luminous star of the New York team, to check Hank O'Day's band, and he never showed to better advantage in winning his eighth consecutive victory of the

In some of his previous games Marquard borrowed a page from the book of the crafty Mathewson, and neglected to extend himself until a crisis arose which required his immediate attention, but the loss of two games to Cincinnati fully aroused him and he took no chances.

Trouble threatened in the second inning when Phelan tripled to right centre field but two were out at the time and Marquard burned the ball over for Esmond, and the latter rolled it to Merkle for an easy out He allowed only six hits, all told, wisely and well strewn along the highways and byways of as many innings. He struck out only two men and gave two bases on balls, but there he called a halt. With designs on the batting average of Chief Meyers. Marquard also poled out two hits and

Fighting tooth and nail for the lead, the Giants played a brilliant defensive game behind the pitching of Marquard. Fletcher made a pardonable slip in the seventh inning in an effort to complete a double play vo were out, however, and since Larry McLean was unable to score the runner Fletcher had eight other chances to prove Herzog made a grand stop of a wicked off the attempts on the plate, smash from the bat of Mike Mitchell in the fifth inning that drew the "fans" out o their seats cheering. Chief Meyers also carned the plaudits of the crowd by racing to the boxes to get a foul fly.

Fromme was on the mound for the Reds which the angular Marquard cut out. Ten Wison, if 3 which the angular Marquard cut out. Ten Wison, if 3 Kelly, c. 4 Hendrix, 5 and four bases on balls of the work upon, but proved unable to hold the killing pace hits gave the Giants plenty to work upon, and four bases on balls added to the advantage. The free passes accounted for one of the New York runs, for two of them came in the fifth inning, with two hits, and forced a batter home. Beals Becker, acting for Josh Devore, played a fine game, and got three hits and a base on balls in five times at the bat. Larry Doyle had a good day and made two hits. For the third game this season, the Giants falled to steal a base. Larry McLean proved in the games on Saturday and Sunday that his arm was not to be trifled with, so the Giants played it safely and waited for hits. Merkle alone beat his way along the paths. They kept Promme busy in the field, and the big twirler had eight assists to his credit. Becker walked up to the plate in the

first inning and whaled the first ball pitched to left field for a clean-cut single. Larry Doyle followed suit, and placed one just out of Hoblitzel's reach, and Beals pulled up at second. It looked well for a score, Snodgrass, who forces ut Fromme far flung triple off the right field fence for bases played a conspicuous part in the singled to centre in the sixth and took three bases, and romped home a moment scoring of runs.

As head of the new corporation, Frank E. Fisher, a Canadian, has been appointed, and it is expected that under his supervision sales of the E. M. F. and Flanders cars across the border will show a big increase. Mr. Fisher is well acquainted with business conditions in Canada. He was first connected with the Massey-Harris Company, of Toronto, and later with the Grey Carriage Works, of Chatham, Ontario. Five years ago he became associated with Walter E. Flanders and has worked steadily

Members of Columbia Faculty Score

versity defeated two faculty represent tives from the City College in a hardfought lawn tennis match by a score of 1 to 1. Professor Marston Taylor Bogert, head of Columbia's department of inorganic chemistry and one of the best known chemists in this country, was the individual star. He completely outplayed Professor Stevenson, of C. C. N. Y., a much younger man, winning at 6-3, 6-1.
Henry M. Bach, another chemist, was
Professor Bogert's partner on the team,
and although beaten in his singles match,
he gave the older teacher valuable help in
the doubles.
The summary follows:

Do You Appreciate Simplicity In a Motor Car?

HE WHITE Self-Starting Six is the simplest and easiest to operate of all sixes. The monobloc cylinder construction absolutely eliminates all manifolds, and encloses all working parts of the motor in accessible, oil-tight compartments. The motor starts by merely pressing a switch located on the dash. The motor cannot be unintentionally stalled.

These are more reasons why the White is the most advanced car of the present day.
